

Friends Helping Friends: Call Before You Climb

If you need assistance with minor, but potentially dangerous situations in and around the home, such as changing light bulbs, replacing air filters, getting up in the attic or even moving a piece of furniture, take advantage of the Friends Helping Friends – Call Before You Climb program. The program consists of several able-bodied men willing to help. Contact Brian Blaine at 910-579-4019 or Tony Imondi at 910-575-6151.
