## **Ocean Isle Museum Foundation Announces RAV4 Winner**

Ocean Isle Beach, NC – The nonprofit Ocean Isle Museum Foundation, Inc. (OIMF) announced that Amanda Martin of Shallotte, NC has won a Toyota RAV4. OIMF sold 600 tickets at \$100 apiece for the chance to win a 2021 Toyota RAV4 XLE SUV. The winning ticket was drawn on January 8, 2021. The OIMF would like to thank Dunning Toyota/Subaru of Ann Arbor, MI and especially Julie Dunning and Alan Cantor, who vacation on Ocean Isle Beach and have been true supporters of the Foundation and its work.

The lucky winner, Amanda Martin, is a CT Technologist. Given the challenges of 2020, how fitting and wonderful that our winner also happens to be a professional healthcare worker! Ms. Martin had just finished working 13 consecutive shifts when she got the news about winning the car and was getting ready for shift number 14. She was thrilled and stated, "I have never won anything! I was just glad to support the museum and planetarium. That was really why I even bought the ticket because I thought it was such a great way to support and raise money to keep those establishments going." Thank you and congratulations, Amanda!

This type of contest is not something that OIMF typically engages in. However, with the Museum of Coastal Carolina and Ingram Planetarium closed for so many months due to Covid-19, the OIMF fundraising committee and the board of trustees agreed to "step out of the box" and give away a car. OIMF would like to offer its sincere thanks to everyone who supported the Museum of Coastal Carolina and Ingram Planetarium by buying a ticket.

OIMF's fundraising committee has already started working on the next give-away: a golf cart. Call the museum to place your name on a waiting list if you are interested in buying a ticket (910-579-1016, M-F, 10:00-3:00).
