# STMA RULES

## PREFACE

These STMA RULES (hereinafter referred to as "RULES") duly adopted by the Board of Directors of Sea Trail Master Association, Inc. (STMA) are applicable to STMA owned common facilities and all residential property within the Sea Trail development. The RULES have been adopted pursuant to the Second Amended Consolidated Master Declaration and Development Plan (SACMD) for Sea Trail and all supplements thereto, STMA By-Laws, and the Architectural Design Standards (ADS). The Architectural Standards Committee (ASC) responds to submissions pertaining to architectural design. These RULES, their limitations, restrictions, covenants and conditions are binding upon all entities (property owners, tenants, transients, invitees, and guests) who have or may acquire an interest in the property identified within the SACMD and its amendments, and who have the right to use STMA common facilities within the Sea Trail development. If there is any conflict between these RULES and the SACMD, By-Laws, and the ADS, the SACMD shall prevail. The purpose of these RULES is to provide structure and discipline in the Sea Trail community for the residential properties and STMA common facilities and to promote respect for and among occupants of Sea Trail residential property.

*[Note: Throughout this revision, previous references to "Sea Trail Resort" and "STR" have been changed to "Sea Trail development". The term "Sea Trail" by itself refers to Sea Trail residential property. "Sea Trail Golf Club" is the management entity for Sea Trail development primarily responsible for managing the Sea Trail Golf courses and restaurants and is not part of STMA.]*

Users of this RULES document should understand that Sea Trail is a dynamic community and, as such, many influences (e.g., local/state/federal laws) have the potential to require changes to sections of the RULES. A hardcopy of the RULES, revised as dated in the left corner below, may be referenced for general guidelines; however, the STMA website ([www.seatrailma.com](http://www.seatrailma.com)) should be consulted for the most up-to-date version of the RULES. In addition, the STMA Administrator ([administrator@seatrailma.com](mailto:administrator@seatrailma.com); Phone: 910-579-5374), may be contacted for more specific questions.

## I. GENERAL INFORMATION

STMA Members may access the above referenced documents by logging on to the STMA website ([www.seatrailma.com](http://www.seatrailma.com)) with the member ID and Password, and entering "Important Documents" in the SEARCH box. A copy of this RULES document may be obtained at cost from the STMA Administrator by written request to STMA Administrator, P.O. Box 7025, Ocean Isle Beach, NC 28469, or by email to [administrator@seatrailma.com](mailto:administrator@seatrailma.com). The owner of a residential unit leased for ninety days or more is required to provide a copy of these RULES to their tenants and to ensure the tenants understand the obligation to adhere to them; the owner must obtain a written acknowledgement of receipt of a copy of the Rules by the tenant. The Tenants Information Form is available on the STMA Website ([www.seatrailma.com](http://www.seatrailma.com)). The owner must submit this acknowledgement with a copy of the lease as is required by paragraph III. E. 3. within these Rules.

All statutes, regulations, and ordinances of the State of North Carolina, County of Brunswick, and Town of Sunset Beach are applicable to all real property located within Sea Trail development.

The Town of Sunset Beach assumed possession and ownership of *several main* roads in the Sea Trail development in early 2019. Speed limits and traffic signs posted by the Town of Sunset Beach on these roads will be monitored and enforced by the Sunset Beach Police Department. Violators will be subject to ticketing.

## STMA RULES

STMA Members may provide the changes to the STMA Administrator within ten days as well. This information will only be used for STMA notifications and will not be given or sold for any other purpose with the sole exception that it will be provided to Sea Trail Golf Club to allow them to provide direct notice to property owners of Sea Trail development events; however, property owners may opt out of receipt of Sea Trail development notifications by contacting the STMA Administrator in writing ([administrator@seatrailma.com](mailto:administrator@seatrailma.com)).

### III. RULES

#### A. COMMUNITY SAFETY AND SECURITY:

##### 1. USE OF MOTOR VEHICLES, STORAGE, PARKING, AND STREETS:

a. Motor Vehicles: Operators of motor vehicles, as defined under the statutes of the State of North Carolina, within Sea Trail development must possess a valid driver's license recognized by the State of North Carolina. Motor vehicles to be operated within Sea Trail development shall be properly registered and licensed as required by North Carolina statutes. Golf carts and mopeds which comply with North Carolina statutes for street operation are permitted on public streets. Dirt bikes, all-terrain vehicles or similar off road vehicles not properly licensed and registered as required by North Carolina statutes may not be operated within Sea Trail. Exhaust systems shall be muffled so as not to create a nuisance.

##### b. Storage, Parking, and Streets:

(1) Within Sea Trail, storage and/or parking of a mobile home, trailer (with or without wheels), motor home, tractor, truck (other than pick-up trucks), commercial vehicles of any nature, camper, motorized camper or trailer, recreational vehicles, boat or other watercraft (motorized or not), boat trailer or any related forms of transportation devices is prohibited. For purposes of loading or unloading personal goods, equipment, and material only, the foregoing vehicles may be temporarily parked on an owner's property for a period not to exceed 48 hours. This 48-hour parking exception shall not include business or commercial vehicles. Storage spaces commonly referred to as "PODS" are permitted, not to exceed 30 days without specific approval from STMA. During active construction on a residential property, commercial vehicles required to remain in connection with that construction (e.g. dumpsters) may remain on the site of the construction for only so long as may be reasonably required to complete the construction.

(2) No vehicle shall be parked overnight within any street right of way within Sea Trail.

(3) No unlicensed, stripped, partially wrecked or junked vehicle or part thereof may be visible to the public on any property, street, or street right-of-way within Sea Trail.

(4) No vehicles shall be parked on the lawn of any residential property or on any vacant lot or vacant property.

(5) No vehicle displaying advertising that it is For Sale shall be parked anywhere, including privately owned residential units, on any property within Sea Trail.

## STMA RULES

c. STREETS and ROADS IN SEA TRAIL development: The Town of Sunset Beach assumed possession and ownership of several main roads in the Sea Trail development in early 2019. Speed limits and traffic signs posted by the Town of Sunset Beach on these roads will be monitored and enforced by the Sunset Beach Police Department. Violators will be subject to ticketing.

A. COMMUNITY SAFETY AND SECURITY: (continued)

2. SOLICITATION: Solicitation within Sea Trail development is prohibited without a properly issued permit from the Town of Sunset Beach, coordinated with the STMA Administrator. The solicitation of contributions of money or property or otherwise canvassing for the contributions of money or property, offering of goods for sale by calling out in the street, and the selling, bartering, exchanging or the offering for sale of any tangible personal property along the streets or from private property, or from any wagon, truck, pushcart, concession stand, tent, or other moveable receptacles of any kind is prohibited. The distribution of pamphlets, brochures or handbills for the purpose of soliciting or advertising business is prohibited.

3. YARD/GARAGE SALES: Display and sale of personal household goods property, commonly known as a "yard" or "garage" or "estate" or similar sale, is permitted. A Yard/Garage Sale shall only be permitted on premises owned or controlled by the person holding the sale. Signs for such sales are not permitted more than 48 hours prior to the sale, and must be removed within 24 hours of the end of the sale.

a. Such sales are limited to one day only during daylight. A permit must be obtained from the Town of Sunset Beach at least 48 hours before the start of the sale. (The cost at time of this publication is \$5). The STMA Administrator shall be provided a copy of the permit prior to the event. Not more than four sales per year shall be held at the same premises. Accepting goods for sale from a commercial enterprise on a consignment basis is prohibited.

b. Only one YARD/GARAGE SALE sign is permitted on-site. No more than two directional YARD/GARAGE SALE signs are permitted at strategic locations off-site (e.g., street intersection). Each sign shall not exceed 4 sq.ft in area, shall be neatly painted or printed, and attractive. Vehicles and large individual household items that are For Sale are not permitted to be displayed with a For Sale sign anywhere visible from the street or golf course.

4. GOLF COURSE USE AND SAFETY:

a. The Maples, Jones and Byrd golf courses are owned and operated by an entity separate and distinct from STMA. Rules governing the safety and use of the golf courses and the golf cart paths are the responsibility of Sea Trail development, not STMA. The reference in these RULES related to the golf courses is only informational and subject to the rules of the Sea Trail Golf Club.

b. In general, only Sea Trail development employees, registered golfers, or participants in recognized golf-related activities are allowed on golf course property. *Note: The phrase "participants in golf-related activities" will, among other things, allow personnel on the golf course property to set up and remove preparations for various golf tournaments.* In accordance with Sea Trail development rules, walking, jogging, bicycle riding and/or dog walking are not permitted on the Sea Trail development golf courses or cart paths at any time. An Adopt-A-Hole Program whereby Sea Trail homeowners could voluntarily care for one of Sea Trail development's 54 holes of golf has been discontinued.

c. In accordance with the SACMD and the property owner's deed, there exists an easement across each residential property on a golf course to permit a user of the course to enter individual property on foot to retrieve an errant golf ball. The easement does not permit golfers to play a ball from a residential property. Driving golf carts on residential property from the golf course while in the course of playing golf is prohibited.

## STMA RULES

### C. PROPERTY MAINTENANCE: (continued)

#### 1. LANDSCAPING: (continued)

f. Accumulation of trash, debris, and/or other unsightly litter is prohibited. Refer to the Yard Waste Disposal section (pg. 11, III. C. 14). Depositing or dumping of any yard waste (such as grass clippings, shrubbery clippings, tree branches, etc.) on any improved or unimproved lot not owned by the property owner or on any common area is prohibited.

g. Property owners shall insure that their vacant residential lots are well maintained with no unattractive growth, including but not limited to vines, brush, fallen trees, heavy logs or accumulation of rubbish or debris including after a significant weather event. In accordance with the Town of Sunset Beach Ordinances, all vacant lots shall be “shrubbed down” (bush hogged) within four inches of the ground between May 1st – May 31st and September 1 – September 30th of each year. Failure to comply with this requirement and the Town of Sunset Beach Ordinance will result in a letter to the Property Owner from the STMA Administrator citing the violation(s) and allowing 30 days to resolve the issue. Failure to comply within the time limit will require STMA to arrange compliance, the costs of which shall be assessed to the property owner, with collection subject to STMA adopted collection policy and the statutes of the State of North Carolina.

h. Tree Removal Policy. Homeowners are required to contact the STMA Administrator before removing any trees on their developed or undeveloped property. This includes both hardwood and pine trees regardless of their size. The STMA Landscape Committee will in turn contact the homeowners and discuss the tree removal request. Homeowner’s failure to contact the STMA prior to removing a tree will result in a fine levied for each tree removed.

i. Damaged, Diseased & Dead Tree Policy. The term “individual property owner” shall mean the private, individual, or entity owner of a lot(s), and Sea Trail Master Association (STMA), as owner of the common properties.

1. The responsibility and all costs associated with the handling (removal) of damaged, diseased, dying and/or dead tree(s) rests with the individual property owner upon whose property the distressed tree(s) is located.

2. Upon the discovery or report of a damaged, diseased, dying or dead tree(s) by the STMA Landscape Committee, the Landscape Committee will notify the owner of the property where the distressed tree(s) is located in writing. This written notification will include a brief description of the tree(s) condition along with any concerns and/or potential danger observed.

3. Should the distressed tree(s) appear to pose a potential hazard to adjacent real property, roadway, walkway, bike trail or golf cart paths, the property owner will be requested to rectify the situation, by removing the distressed tree(s) within thirty (30) days from the date of the notification. While it is recommended by professionals that damaged, diseased, dying or dead tree(s) be removed to prevent the likely spread of disease and it is recognized that removal will contribute to a more desirable “curb appeal” throughout the community, any discovered tree problem on unimproved property that poses no potential hazard to any adjacent property will not mandate a request for removal.

4. In the event the property owner does not take the requested corrective action within the thirty (30) day period, STMA will utilize its “self help” provision contained in the Master Declaration (SACMD) and take the necessary action to remove the tree(s) in order to eliminate the potential danger. The STMA will add the cost incurred for the corrective action to the property owner’s assessment account for the recovery of the cost incurred by STMA.

5. Upon request of a property owner, the STMA Landscape Committee may provide a list of tree services that have performed tree removal work within Sea Trail, without any form of recommendation.

6. This policy is to be administered through STMA under the supervision and direction of the STMA Landscape Committee.

j. Upon failure or refusal of a property owner to maintain their property in accordance with the requirements of these RULES, after notice and procedure as provided in IV. D of these RULES, STMA may proceed to contract with any appropriate service or contractor to bring the property in compliance with these RULES, and bill the property owner. The costs to STMA for bringing the property

## STMA RULES

into compliance shall be a lien against the property filed in accordance with the SACMD and North Carolina Statutes.

### C. PROPERTY MAINTENANCE: *(continued)*

2. EXTERIOR LIGHTING: Exterior lighting is encouraged but should not cause an adverse nighttime environment to any surrounding property, and must be approved in accordance with the ADS. Security lighting is permitted, but should be directed to avoid adversely affecting the neighbors. The Town or Sunset Beach requires that residential security lighting must be controlled and activated by motion sensor devices for outdoor lighting installed after February 1, 2016.

3. DAMAGED AND REBUILT IMPROVEMENTS: The residue of any building or improvement wholly or partially destroyed, which is not rebuilt within nine months of the event of destruction shall be removed no later than nine months from the event of destruction. Any building or improvement to be rebuilt must comply with the ADS. Upon failure or refusal of a property owner to comply with the provisions of this paragraph, after notice and procedure as provided in IV. D. of these RULES, STMA may proceed to contract with any appropriate service or contractor to bring the property in compliance with these RULES and bill the property owner. The costs to STMA for bringing the property into compliance shall be a lien against the property filed in accordance with the SACMD and North Carolina Statutes.

4. ANTENNAS & TV DISHES: Installation of an Antenna or TV dish requires approval in accordance with the ADS. Refer to the ADS for requirements.

5. SOUND DEVICES: With the exception of security alarm devices, any sound device which causes an adverse noise environment to any surrounding property is prohibited.

6. LAUNDRY: Hanging of laundry, including beach towels and blankets from any exterior area including but not limited to, railings, fences, furniture, line, appliance, or vehicle is prohibited.

1. Placement of signs must not interfere with traffic sight lines.
2. One temporary sign not exceeding 2' x 2' (4 square feet) on the event property, placed not more than 48 hours before the event; *it must be removed within 24 hours of completion.*
3. No more than two directional Temporary Event signs, each not exceeding 4 square feet, are permitted at strategic locations off the event property (e.g., street intersection), and placed not more than 48 hours before the event. Vehicles and large household items for sale are not permitted to display a For Sale sign anywhere visible from the street or golf course.

b. Real Estate Resale signs. Only one sign per property, facing the road, is permitted. The sign must be in accordance with Architectural Design Standards (ADS) (see STMA website [www.seatrailma.com](http://www.seatrailma.com) or contact the STMA Administrator ([administrator@seatrailma.com](mailto:administrator@seatrailma.com)).

C. **PROCESS:**

1. **VIOLATION:** A violation is defined as an act in conflict with the SACMD or these STMA RULES.

2. **PROCESS:** Any alleged violation of the SACMD or these STMA RULES shall be processed in accordance with the procedures set forth in the next section.

D. **ENFORCEMENT PROCEDURES:**

1. **INFORMAL.** Unless an alleged violation needs immediate attention due to personal or property peril, all allegations of violations of these RULES shall be submitted in writing to the STMA Administrator on the Rule Violation Report available on the STMA website, [www.seatrailma.com](http://www.seatrailma.com). The submission may be in person, by facsimile or by email.

2. **NOTIFICATION.** Depending upon the severity of the violation alleged, the report will be addressed either informally by courtesy telephone call, letter, or email from the STMA Administrator or an informal notice of violation from the RULES Committee or formal address by the RULES Committee. Compliance resulting from the courtesy process will cease any further violation action, except that a record shall be retained of the alleged violation.
